A4 Seed Paper

Bleed Area
You will need to extend your design to fill the bleed area. This area will be trimmed to ensure you don't have any unwanted white lines.

Cut Line
This is where we aim to cut your design to the finished size. Any part of your design places outside this line will be cut off.

Safe Zone
This safe zone is 3mm inside the cut line.
Make sure all important elements and text are kept within this area.
