

Artwork Template

FRONT

Seed Pockets are digitally printed, 4-col process (CMYK) from artwork supplied.
Artwork should be supplied in Illustrator or Hi Res PDF with text outlined.
Print area is shown above, leaving a 6mm clear border to the edge. DO NOT include any bleed of background colour as this will not print and cropped to size.
Note: Colours may not appear as brilliant and sharp when printed on natural kraft stock.
Solid flood-coat of colour cannot be printed.

Christmas Robin

Seed Mix

Robins are ground feeders. Try to scatter food in areas they frequent for an easy meal.

Fresh water is vital during the winter, so make sure to break the ice in bird baths and keep them topped up.
